K9ZPP

GREETINGS . . . . . .

As Chairman of the ARRL Central Division Convention for 1967, I wish to extend to you a most hearty welcome. I hope you will find your visit here a most enjoyable one.

I wish to thank all who worked so diligently, giving freely of their time and talent to make this convention a success. Our grateful appreciation goes to the exhibitors, advertisers, and club members, without whose support this convention could not have been accomplished. We urge you to support those advertisers who support ham radio.

Yours VY 73

W9HPG

To you, who have come to this, the 1967 ARRL Convention, we extend a hearty greeting along with my thanks for your interest and support. We have endeavored to provide the best technical talks and seminars on Amateur Radio, displays, and a place to meet your friends. Thanks for being our guest, and we hope you enjoy the convention.

73 W9HPG

W9GPI

Glad you came to Milwaukee! You must have fun, carry away memories that will bring you back – again and again!

Doyle 73 W9GPI

Message from ARRL President Denniston to all Participants

It has been my pleasure to serve as your president for one year now. In the days of accelerating change ahead – with new, more complex technical developments, the growing activity on the air, and new regulatory pressures – the League will serve an increasingly vital purpose. I hope that you will be present for the ARRL Forum and use that occasion to openly discuss and ask questions on ARRL affairs. Our General Manager and I will be on hand to answer your queries. It is a pleasure to meet in person the many amateurs of the Central Division I have worked on the air.

73 WØNWX

INNER SANCTUM

ROYAL ORDER OF WOUFF HONG

CEREMONIES 12 MIDNITE, ARRL CONVENTION, July 7, 1967

TO: "THE OLD MAN" AND "HIS EXALTED HIGH POTENTIAL - THE SPIRIT OF AMATEUR RADIO" AND THE ETERIAL SPIRITS OF THE RITUAL:

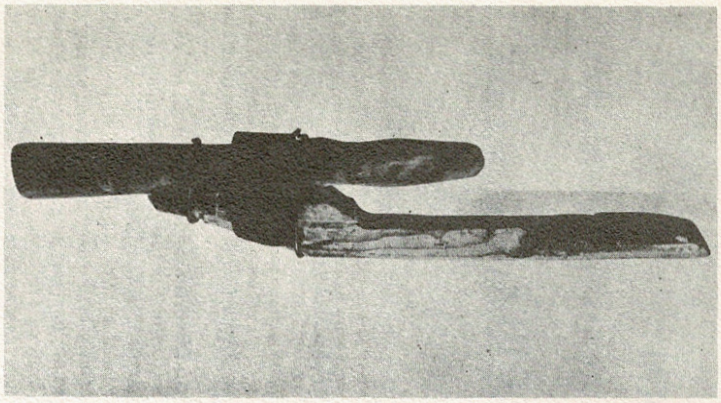
I. Amateur Radio _____ Call. _____ Name.

QTH _____ _____

_____ _____

Submit that I am a member in good standing of ARRL and hereby tender my 50¢ initiation fee that I may henceforth (after due initiation) be accepted as a member into the ROYAL ORDER OF WOUFF HONG. I further promise that I will not divulge the secrets of the order that are conferred upon me and will at all times live up to the code and tenents of the order.

(Detach and turn in this slip as you enter the WOUFF HONG Door)



The Wouff Hong, one of three instruments of torture mentioned by The Old Man in January, 1917, finally showed up in physical form at Headquarters, in time to appear in the first postwar issue of QST, June, 1919. Around it sprang up the Royal Order of the Wouff Hong, honorary "inner circle" of the League, which still conducts its mystical initiations, during League conventions, when the clock strikes midnight.

WOUFF HONG

(WHAT IS IT?)

A Secret Society of Amateur Radio operators whose symbol, *The Rettysnitch*, has become world famous. An amateur can join the WOUFF HONG by undergoing the ceremony conducted only at an ARRL Convention and being an ARRL member in good standing.

Register at the desk on Friday for this ceremony (50¢) and join us at midnight for a most memorable event.

MR. CLYDE RICHELIEU

W9ARE – W1JS – W8JS – W9JS

Pick out the call you like, pick out the mode of operation you prefer, or by any other way you remember "Rich" best.

"Rich" was our Division Director during our National Convention held here in 1948. His time in Amateur Radio goes back to the "slop jars" under the bed, his work on the lighthouse systems along the coasts of our country, his services for the early efforts to the use of radio for aviation, and his efforts to perfect mobile operation nationally, have resulted in his becoming one of the best known amateurs in the United States.

But now we wish to introduce him in a new light. "Rich's" hobby has always been banjos, and he probably owns the largest collection of these instruments in the world.

His present work as a professional entertainer marks the beginning of a new career for Clyde. The Convention Committee suggests that you spend a little time with "Rich" at one of his sessions during the convention.
